May 25, 2015—Memorial Day
Declared a national holiday in 1971, this
day we honor and remember those who
died while serving in the military.

There have been over 2.7 million US
military deaths since 1775. The US flag
should fly half-staff until noon.

SENIORS UNITED CREED ESTABLISHED BY JULIAN AND LILIAN WALLACE

*Seniors United was created as an inspirational medium for seniors. It's
purpose is to educate, promote and protect the rights of seniors.*

*The needs of seniors differ from younger citizens. It is important to
have an organization devoted to our place in the community and to
promote it's continued growth.*

*The members of Seniors United want to share experiences with
others. Nonpartisan and nonsectarian, we are very actively involved
in the political structure of our state and country. Forums are varied
to benefit the needs of the community and to discuss political issues.
Guest speakers come from all areas.*

*It is with pride that we are seniors and are doubly proud to be
members of Seniors United. The pride continues in our many
accomplishments and in the good name we have established in the
community. Our goal is to develop plans for a great tomorrow and to
make it happen.*

Everyone is welcome, young to old and from every walk of life.

MAY 2015

SENIORS UNITED MEANS SENIOR POWER

A monthly publication of Seniors United. A nonprofit organization serving thousands of senior citizens.

*The majority of seniors have
long-term care needs*

*70 percent of Baby Boomers can expect to use
some form of long-term care during their lives*

Source: Kaiser Family Foundation, "Five Key Facts about the Delivery and Financing of Long Term Services And Supports," available at <http://kff.org/medicaid/fact-sheet/five-key-facts-about-the-delivery-and-financing-of-long-term-services-and-supports/> (last accessed July 2014).

70% of Baby Boomers Will Use Long-Term Care

We need to address the nation's current and future long term care financial crisis. Few seniors who are not considered poor are prepared to pay for the costs of long-term care. No one should have to become poor to become eligible for Medicaid in order to afford much-needed help.

With 10,000 Americans turning 65 every day, those needing long-term care coverage is projected to rise from 12 million people today to 27 million in 2050. Public programs must be strengthened and modified to meet long term care needs and to encourage the provision of more home and community-based services.

Facts like these and others about senior poverty in the U.S. can be found in a Poverty and Opportunity Profile from Half in 10 and the National Senior Citizens Law Center.

To find out more about where NSCLC stands on issues related to confronting senior poverty, <http://justiceinaging.org/about/where-we-stand>.
